Investment Process

Our investment process emphasizes location, location, location, and:

Controls investment risk by

- remaining sector neutral to the benchmark
- balancing investments across sectors

Seeks to add alpha by

- employing a proprietary database that aims to identify favorable local market supply and demand factors
- selecting REITs with exposure to what we determine as the best property locations
- identifying what we view to be the strongest management teams poised to capitalize on supply and demand factors in the marketplace

Richard Imperiale Chief Investment Officer

- over 35 years of investment experience
- a pioneer in REIT investing since 1989
- author of Real Estate Investment Trusts: New Strategies for Portfolio Management
- leads a team of investment professionals with more than 150 years of total investment experience

Important Information: 1. Uniplan Investment Counsel ("Uniplan") is a boutique investment firm, with roots dating back to 1984, that manages a variety of portfolios primarily for US clients. 2. The composite was created January 1, 1989. Performance is calculated in US dollars utilizing a time-weighted total rate of return. Total return for the composite is represented by the asset-weighted returns of the portfolios within the composite. Trade-date valuation is used. 3. Gross Performance is net of all transaction costs and Net Performance is net of transaction costs and (maximum allowable total) investment management fee, but before any custodial fees (that may be incurred separately by the client). 4. Primary Benchmark Index - The Index was the FTSE NAREIT All Equity REITs Index until 12/31/2023. Thereafter, a custom benchmark that uses the 150 largest market capitalization companies. In creating a custom benchmark Uniplan applies a screening tool utilizing a KPI REIT universe. From there, Uniplan uses the 150 largest market capitalization companies. Basic exclusions from this universe include Commercial Real estate services & brokerage, real estate investment & services, and all Mortgage REITs. Uniplan reserves the right to remove a company from the custom benchmark for any or no reason at all. The Primary Benchmark is rebalanced quarterly and includes the reinvestment of dividends. It is not possible to invest directly in an index. The index figures do not reflect any deduction for fees, expenses or taxes. 5. The 10 Year Risk Return Analysis chart includes certain indices such as S&P SmallCap 600 - The S&P SmallCap 600 seeks to measure the small-cap segment of the US equity market. The index is designed to track a broad range of small-sized companies that meet specific inclusion criteria to ensure that they are liquid and financially viable. Barclays Capital Agg - Barclays Capital Aggregate Bond Index is a market capitalization index made up of US Treasury Securities (non TIPS), government agency bonds, Mortgage-Backed bonds, and corporate bonds, and a small amount of foreign bonds traded in the US. MSCI EAFE - MSCI EAFE Index is a free float-adjusted market capitalization index that is design to measure the equity market performance of developed markets, excluding the US & Canada. It consists of the following 21 developed market country indices: Australia, Belgium, Denmark, Finland, France, Germany, Greece, Hong Kong, Ireland, Israel, Italy, Japan, the Netherlands, New Zealand, Norway, Portugal, Singapore, Spain, Sweden, Switzerland, and the United Kingdom. S&P 500 - The Standard & Poor's 500 (S&P 500) Index is a market-capitalization-weighted index of the 500 largest U.S. publicly traded companies. 6. Investing in securities entails risks. Real estate poses certain risks related to overall and specific economic conditions as well as risks related to individual property, credit an interest rate fluctuation. Real estate companies and REITs may be leveraged, which increases risk. REIT performance depends on the strength of the real estate markets, REIT management and property management which can be affected by many factors, including national and regional economic conditions. 7. The dispersion of annual returns is measured by the standard deviation of asset-weighted portfolio returns represented within the composite for the full year. The standard deviation of the annual returns for the period January 1, 1989 to September 30, 2024 is 16.70% for the composite and 18.97% for Primary Benchmark Index. 8. The composite includes fee-paying discretionary accounts, and may contain non-fee paying discretionary accounts, with similar investment objectives. The composite excludes accounts with special investment mandates or restrictions and accounts for which only a model portfolio is provided. The composite doesn't have a minimum size criterion for composite membership. Leverage is not used in this composite as a means to generate higher returns. Individual account holdings may vary depending on numerous factors including the size of an account, cash flows, and account restrictions. 9. There have been no changes in the personnel responsible for the management of this composite. 10. The composite contains both traditional and wrap fee portfolios. Uniplan has a flexible and negotiable fee schedule reflecting the differences in size, composition and servicing needs of clients' accounts. 11. Uniplan is an independent investment adviser registered under the Investment Advisers Act of 1940, as amended. Registration does not imply a certain level of skill or training. More information about Uniplan including our investment strategies, fees and objectives can be found in our ADV Part 2 which is available upon request. 12. Uniplan does not claim GIPS compliance. The performance has been verified by an independent source as of 1/01/2011 - 12/31/2023. A complete description of investment advisory fees is contained in Uniplan's Form ADV and is available upon request. Individual account performance may vary from the results because of differences in inception date, restrictions and other factors. 13. This information is not an offer to buy or sell a security nor does it constitute investment advice or an offer to provide investment advisory or other services.
